Sunday September 24

NIGHT GOLF - Saturday September 30 @ Dusk

**Sign up in the clubhouse*

BOARD MEETING: TUESDAY SEPTEMBER 26 AT 5:30 PM

GROUNDS UPDATE

Attention Members: Its aerification season again and this year we are going to do something a bit different. An outside company is being hired to do a deep tine aerification on the greens. Our normal aerification process manages to achieve about 3-4" of depth. This equipment will be able to reach 8-9". Deeper aerification will encourage water infiltration and gas exchange and drive root growth deep into the putting green soil profile. Fracturing the soil to a depth of 8 inches or more helps to alleviate any hardpan that may have developed from repeatedly aerating to the same 4 inch depth in previous years. The deeper aeration channels also provide more space for water to move through the soil. Getting standing water off the turf surface, particularly on putting greens, helps reduce the risk of freezing damage that can occur during winter. Greens will be top dressed heavily ahead of the aerification and a 1/2" solid tine will drive sand into the soil, the remaining sand will be dragged into the holes. Not all holes will be 100% filled to allow expansion of the soil and for turf roots to spread and fill in spaces. It will take a few days and up to a week for the putting surface to return to normal.

This work is scheduled for the week of September 11th. The exact day has not been determined as it is dependent on their schedule and the weather.

When the exact date is decided we will get you informed so you can plan accordingly.

This should only take one day if everything goes as planned. **The course will be open to members only** as several greens could be getting worked on at one time, so your patience and consideration of the workers and our employees will be appreciated.

This is a necessary process to maintain healthy playable greens in the years to come.

CALENDAR 2023

2023 Golf calendar is posted on Wahkonsa's [website](#). If you wish to schedule an event, contact wahkonsa@iowatelecom.net with the requested date.
